PUBLIC ACT 366 OF 1996 REPORT

SUPPORT COLLECTIONS

--INTRODUCTION--

This report of Friend of the Court Child and Medical Support Collections is prepared quarterly and is intended to be a prelude to the requirements of Public Act 366 of 1996 as an informational management tool in regards to the Michigan Child Support Program

This report had to be modified, effective October 1, 1998, due to reporting changes mandated by the federal government, resulting in historical information not being available to use as a comparison for the new categories. The reporting emphasis changed from Collections to Available Collections and Distributed Collections. Historical comparison will be added as they become available.

The data is reported in two main categories, Available Collections and Distributed Collections:

Available Collections are the total child support payments received at a designated State or County collection point which can reasonably be identified as a child support collection, during the reporting quarter. **Modification to the 2001 report will not report any year to date as the data contain dollars from previous quarter and carried forward.**

Distributed Collections are the total child support payments which are distributed via check, electronic fund transfer (EFT) or other means to the intended final recipient, during the reporting quarter. The final recipient includes the custodial family and/or State/Federal agencies.

As a reference, Collections, prior to October 1, 1998, was based on the reported funds which had been distributed to the final recipient.

The two sub categories of Public Assistance (PA) and Non-Public Assistance (NON-PA) have been redefined into these four sub categories: Current IV-A Assistance; Current IV-E Assistance; Former Assistance; and, Never Assistance. These four sub categories apply only to Distributed Collections.

Current IV-A Assistance are collections on behalf of children who received assistance under the Family Independence Program (FIP) when the collection or disbursement was made.

Current IV-E Assistance are collections on behalf of children entitled to receive Foster Care assistance under Title IV-E of the Social Security Act.

Former Assistance are collections on behalf of children who formerly received FIP or Title IV-E Foster Care.

Never Assistance are collections on behalf of children who are receiving services under Title IV-D but who do not, nor have never received assistance under FIP or Title IV-E Foster Care.

Available Collections include the amount collected for arrears (outstanding amounts).

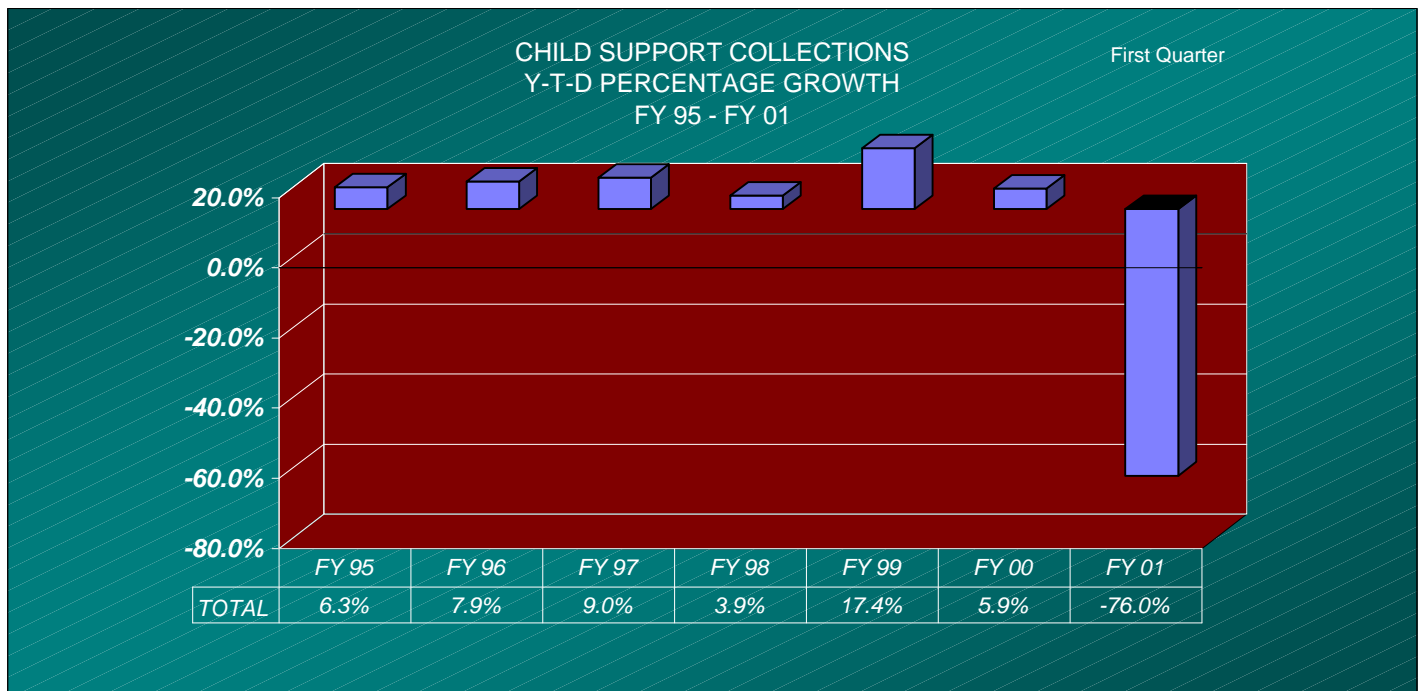

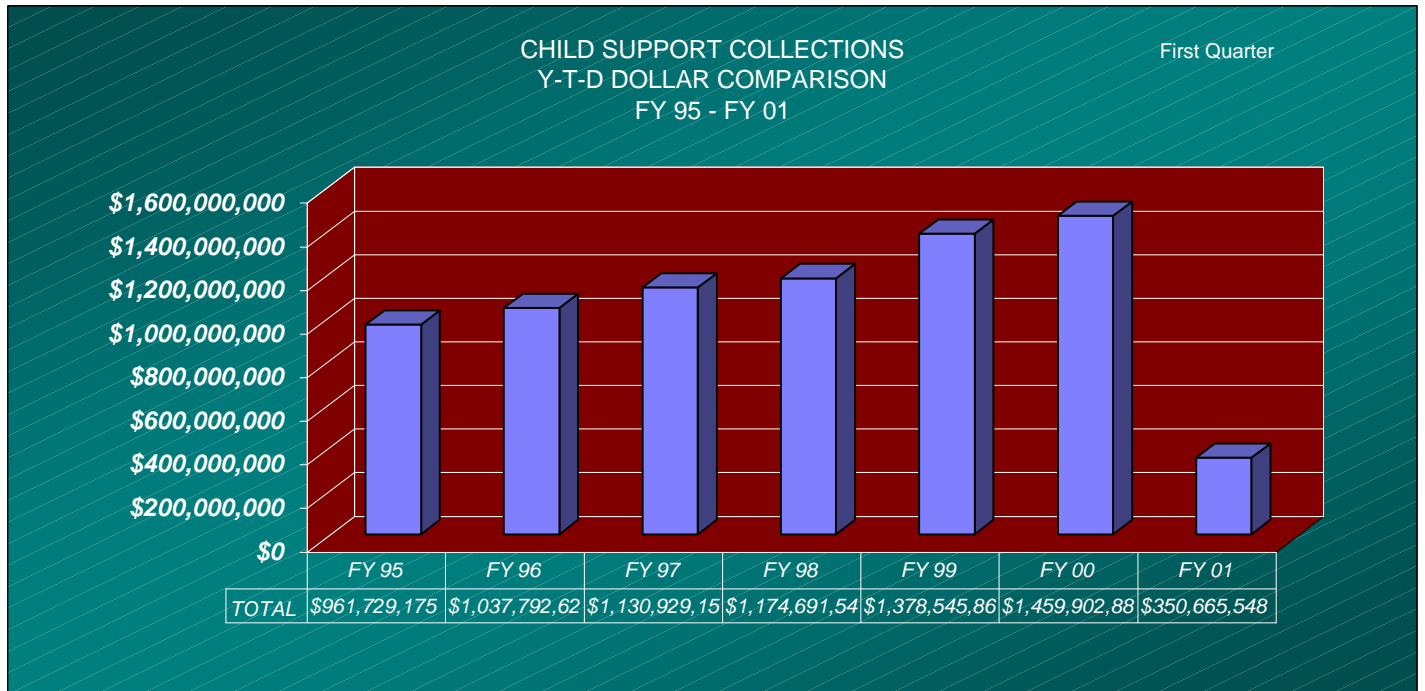

Subsequent reports are scheduled to be modified to conform with pending new requirements of Public Act 366 and the availability of the appropriate data.

No conclusions have been or should be drawn from the data and its use is subject to interpretation.

Should you have any questions regarding this report, please contact the Office of Child Support. Our email address is: OCS@state.mi.us

NOTE: The source of the information in this document is submitted to the Office of Child Support through the data entered into the county's Friend of the Court (FOCs) Child Support Enforcement System and is referred to as OCSE-34A data. The information specific to the above report is obtained from Sections A (2a-2g) and B (7be and 8a-8d). Additionally, the report information on License Suspension is reported directly from the FOCs.
